# 6<sup>th</sup> INTERNATIONAL CONFERENCE ON RADIATION MEDICINE

CLINICAL APPLICATIONS AND INNOVATIVE APPROACHES

KING FAISAL SPECIALIST HOSPITAL & RESEARCH CENTRE AND AL-FAISAL UNIVERSITY, RIYADH, SAUDI ARABIA

9 - 13 FEBRUARY 2020 | 15 - 19 JUMADA ALTHANI 1441

## Program Highlights

### Overview:

In this workshop, we will present different change management models and discuss in what types of cross roads they can be applied. We will discuss with the participants where they encounter these challenges and if they recognize this resistance of change. More into detail we will discuss change challenges where technology is involved. Together with process improvement, technology innovation and change management, we will discuss how these 3 programs can work hand-in-hand.

### Learning Objectives:

- An insight in the different types of change management models.
- An overview of several methodologies.
- Specific approach how to combine Process Improvement, Technology Innovation and Change management.
- How to bring change management into technology driven projects.
- A specific methodology to apply in this context.

30 EXPECTED  
CME HOURS
